Dear parents and guardians,

Starting university is a big step in every student's life. We understand that you will also be a part of this wonderful journey, and we are here to support you along the way!

The Parents' & Guardians' Orientation Day is specially held to equip parents/guardians with information about transitioning into life at Curtin University Malaysia.

Take this chance to engage with our staff members for specific questions you may have about services and resources offered by the university.

We look forward to meet you!

Curtin University, Malaysia
